

D

Beatrice M. Fulford-Jones BA, SBID, IIDA is a highly respected, interior designer who specializes in the creation of fine residential homes. She designs each project cognizant of the client's intent, and ensures that every aspect works in harmony with the overall vision. Her designs are sophisticated and intuitive, showcasing the unified integration of architecture and interior design.

Moreover, Beatrice Fulford-Jones is often sought out by clients or developers looking to create lifestyle homes that are marketed as turnkey investments. Her panache, complemented with an unwavering ability to handle complicated properties, makes her a significant development team member.

Beatrice Fulford-Jones serves as Principal of Global Interior Design, an acclaimed international interior design firm noted for creating luxurious, elegant, classic and modern interiors. The firm offers comprehensive interior design services ranging from design initiation through final construction and installation.
